**Product Name :**

Force on a Conductor Apparatus.

**Product Code :**

SLE/EAM/24

## Description :

Connection is made via the 4mm sockets attached to the side rails.

When a current of up to 8A flows the crossbar rolls one way or the other under the action of the electro-magnetic force.

This is a traditional piece of equipment for demonstrating the effect of a current flowing in a conductor in the presence of a magnetic field.

Low voltage bench PSU required.

With clearly labelled poles to the magnet.
