Product Name :

Damper Kit For Mass/Spring

Product Code :

SLE/ETM/07

Description :

- This simple piston disc and cylinder form a dash-pot damper that fits to the guide rods under the platform.
- It works with easily found non-toxic fluids for different damping levels.
- Students may try their own fluids and their own piston discs for project work.
- When using the Damper Kit, VDAS can fit its displayed data to underdamped and overdamped viscous damping models.
