

THE LAB EQUIPMENT

Email : sales@thelabequipment.com

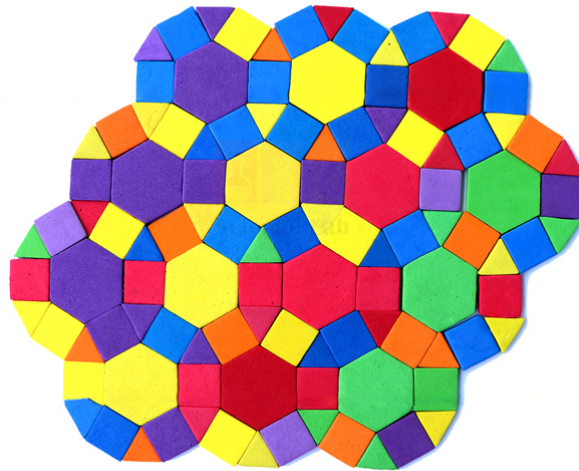

Phone: +91-8759245890

Product Name :

Tessellation Kit

Product Code :

SLE/LP/14

Description :

Concept

Shape sense and spatial understanding

Tiling a given region using a tile of a given shape

Distinguishing between shapes that tessellate and that do not tessellate such as pentagons

Expanding our imagination making beautiful designs

Exploring different patterns

Discovering properties of polygons especially in terms of angles through this process

Discovering all the combinations in which regular polygons tessellate

Details

Includes write-up with details of activities.

The pieces can be pasted on any smooth surface after making them wet. Also for Mathlabs.

Different types of polygons including triangles, squares, small rhombi, pentagons, hexagons, heptagons, octagons and dodecagons in different colours of same sizes and made of rubber.
