Description :

Technical Specifications:-

Cleaning gloves, heavy-duty, reusable, for Sturdy cleaning use in both Households and Health Treatment Centres under Ebola crisis. Made of nitrile, neoprene or similar synthetic rubber, to PPE standards compliance.

Unit is pair, and in Medium size.

The reusable gloves are able to resist frequent carrying of heavy bags and very frequent washing inside-outside in chlorinated water. Drying of wet gloves may be in direct sun.

Material:-

Nitrile, synthetic rubber (no Latex),

Knit inner lining facilitates slide-in and removal

Cleanable with water and disinfectant (resisting both ethanol solutions 70% and chlorine solutions 0.5%)

NOTE: During preparation works of chlorine solutions, the gloves may potentially be exposed short-term to considerable higher concentrations of maybe 10-50 times higher than the final solution of 0.5%, and shall resist to several such exposures.

Material thickness, at level of the fingers, not less than: 0.38mm

Length not less than: 30cm

Size: Medium

Characteristics:-

Reusable, heavy duty gloves,

High cracking-, puncture- and abrasion resistant

Powder free, Seamless, and entirely waterproof
