

Product Name :

Solar Minikit Basic

Product Code :

SLE/PHY/214

Description :

For experimenting with the Solar basics in elementary school you need the Solar-Minkit Basic.

Mainly qualitative experiments with the Solar-Basics

It contains a small base unit, cables and short circuit plugs to connect the modules.

With a hand crank generator the students produce electrical energy for the experiments themselves.

Thus, no extra electrical connection or voltage source is needed.

Technical Specifications :

Components:

1x Base unit small

1x Test lead red 50 cm

1x Insert Minikit Basic

1x Hand generator

1x Carton

1x Test lead black 50 cm

1x Layout diagram Minikit Basic

1x Info sheet initial startup

2x Short-circuit plug
