

Product Name :

Wheeled Partition

Product Code :

SLE/HE/21

**Description :**

Wheeled partitions with a plain white infill panel to provide booth privacy and protection. Each wheeled partition is made from durable aluminium and the infill panel is a white PVC foam board.

Both materials have a smooth finish so can easily be cleaned to ensure the effective control of contamination.

All four castors have breaks.

Each wheeled partition has a black rubber gasket around the perimeter between the frame and the infill panel.

This ensures a sealed finish and also makes sure your panel fits snug and does not rattle within the aluminium frame.

Dimensions: 100cm Wide x 160cm High

These wheeled partitions are ideal for schools, Local Authorities, hospitals, medical practices and other organisations where social distancing and private screens are key to completing the successful roll out of the mass COVID testing and vaccination programme.
