Product Name :

Eddy Current Unit 120 mm

Product Code :

SCI-1529/013

Description :

DESCRIPTION :-

- For demonstration of eddy current when used in conjunction with the hand-wheel driving unit.
- The 120mm diameter aluminium disc has a 20mm driving pulley.
- The powerful circular magnets are carried on a pivoted arm so that they may be moved over or away from the disc as required.
