Product Name :

Digital Ph Meter (Table Top)

Product Code :

“SCL1521/09”

Description :

DESCRIPTION :-

- Auto digital ph meter with manual temperature compensation combination ph electrode, 31/digit led display.
- Automatic temperature compensation.
- Automatic buffer recognition and calibration.
- Electrode connection BNC.
- Includes electrode's support stand
- Useful for ph and redox potential 2 measurements, range 0.00 to 14.00, touch button calibration (table model).
