Product Name :

Wheatstone Bridge Apparatus

Product Code :

SCL-339/068

Description :

DESCRIPTION :-

- Complete circulatory, super quality With Pencil Jockey (Sunmica base)
- Nine heavy Brass terminals lock type are provided to reduce the resistance to a minimum.
- The ends gaps are closed by removable Copper Binding pieces which are held in position by the terminals.
- The constant wire is stretched along the top of wooden meter scale and securely clamped to the Brass end strips so that end errors are negligible.
