Product Name :

Trundle Wheel

Product Code :

SLE/ME/30

Description :

Useful to measure long distances or demonstrate the relationship between circumference and diameter.

Wheel edges grip smooth surfaces, preventing slippage as the wheel rolls.

A sturdy, plastic handle enables the user to walk while rolling the wheel.

The scale is graduated in 1-cm divisions.

The circumference of the wheel measures an accurate meter, and an audible, nonwearing clicking device is activated in either direction with each 1-m revolution.
